

The FCC should not implement any proposal that would lessen
Indiana's Telephone Privacy law protections.

Indiana's Telephone Privacy law has improved my time at home. I
used to receive close to one soliciting call a day. Now, I can't
remember the last time I received an unwanted call.

If I am interested in a certain business, I will contact them. I do
not want them contacting me at home, especially since it is often
during dinner hours, or a time when I have children sleeping. Many
of these companies sell my name to other companies, so the list of
callers keeps growing and growing. Even if I ask to be put on do-
not-call lists, it's often too late.

PLEASE DO NOT REINSTATE ANY LAWS ALLOWING TELEPHONE SOLICITATION!!

Thank you!

Matt and Stephanie Bosma :)
